

# friends for life

share memories. experiences. hopes.

For many who have found their lifetime friends at Temple Israel, theirs is a bond that extends beyond classrooms, neighborhoods and social circles.

"Through Temple Israel Federation of Temple Youth and Junior Youth Group, I've met people from different schools, temples, cities and states," says **Robyn Moscovitz**. "Temple is a great place to make new friends, visit with old friends, go to interesting places, learn a lot and feel like you're part of a family."

Adds **Mindee Figus**, "No matter what TIFTY does, it's always fun! I really enjoy coming to Temple Israel, even if it's not for TIFTY. In addition to seeing my friends, I learn about Judaism."

Perhaps **Matt Silies** and **David Becker** sum up the Temple Israel experience for youth best when they say, "Youth Group is like one giant family, and we all have a great time at events and never want to leave."
